THE KANSAS DEPARTMENT OF AGRICULTURE, with the Land Use Survey Office at Kansas State University, is seeking responses to the **2022 Kansas Custom Rates Survey**. As you know, agricultural production expenses have increased dramatically over the past year and continue to be extremely volatile. This situation makes your input even more critical for your future decisions and for those of your fellow Kansas agriculture stakeholders.

This survey collects data on charges for input costs, custom work, feed preparation, and machinery rental. Whether you provide custom services or you hire custom services, knowing accurate, competitive prices is crucial for the sustainability of agricultural operations.

To complete the survey, please visit [http://www.tinyurl.com/kscustom2022](http://www.tinyurl.com/kscustom2022).

If you know of anyone else who may be able to answer questions from the survey, please share this email or the link to the survey with them.

Response to this survey is voluntary, and your response will be kept confidential.

Individuals, cooperatives, local agribusinesses, etc. are surveyed. Completion should take less than 15 minutes.

Older copies of the Kansas Custom Rates reports are located at: [https://www.agmanager.info/farm-management/land-buying-valuing/land-use-value-research](https://www.agmanager.info/farm-management/land-buying-valuing/land-use-value-research).

If you have any questions or prefer to complete a paper copy of the survey, then please do not hesitate to contact me at ltsoodle@ksu.edu or the Center at 785-532-3509. This survey will be open until April 30, 2022.
2022 Kansas INPUT COSTS Survey

The Land Use Survey Office at Kansas State University, in collaboration with Kansas Department of Revenue, is seeking responses to the 2022 Kansas Input Costs Survey. As you know, agricultural production expenses have increased dramatically over the past year and continue to be extremely volatile. This situation makes your response even more critical for your future decisions and for those of your fellow Kansas agriculture stakeholders.

Please enter your best estimate of the average costs for fertilizer, herbicide, insecticide, and seed in your area. Completion of the survey should take less than 5 minutes. If you have provided input cost information in the 2022 Kansas Custom Rates Survey, there is no need to complete this survey.

To complete the survey, please visit [http://www.tinyurl.com/ksinput2022](http://www.tinyurl.com/ksinput2022). If you know of anyone else who may be able to answer questions from the survey, please share this email or the link to the survey with them.

Response to this survey is voluntary, and your response will be kept confidential. Individuals, cooperatives, local agribusinesses, etc. are surveyed. Previous copies of the Kansas Input Costs Survey reports are located at [https://www.agmanager.info/farm-management/land-buying-valuing/land-use-value-research](https://www.agmanager.info/farm-management/land-buying-valuing/land-use-value-research).

If you have any questions or prefer to complete paper copy of the survey, then please do not hesitate to contact me at Itsoodle@ksu.edu or the Center at 785-532-3509. This survey will be open until April 30, 2022.

Respectfully,
Leah J. Tsoodle
Director, Land Use Survey Office
