2021 Kansas Irrigated Farm Lease Arrangement Survey

Are you interested in leasing rates across Kansas? They are not publicly available information, so one of the main ways we gather and report that information is through the **Kansas Irrigated Farm Lease Arrangement Survey**. The Land Use Survey Center at Kansas State University is seeking responses to the 2021 Irrigated Farm Lease Agreement Survey.

To complete the survey, please visit <https://tinyurl.com/irrigate2021>.

The 2021 Irrigated Farm Lease Arrangement Survey collects information on Kansas farm lease arrangements and irrigation equipment information for the 2020-2021 crop year. It should take less than 15 minutes to complete.

If you have any questions regarding the survey, please do not hesitate to contact me at ltsoodle@ksu.edu or the Center at 785-532-3509. If you know of anyone who may be able to provide information on the survey, please share the survey link.

Your response is essential to provide reliable and accurate information. I sincerely appreciate your help.

Dr. Leah Tsoodle, Director, Land Use Survey Center
