

Green's Natural Creations

Lynn & Bob Green – Louisburg, Kansas

"Planting a tree today enhances the beauty of tomorrow." – Lynn & Bob Green

In 2012, Green's Natural Creations was born when Lynn and Bob relocated from rural Linn County to be closer to family and to "the city". The overgrown 8 acre property had no landscaping but with Lynn's vision, the house was destined to become their "forever home" and the yard has evolved into an estate, organized by constructing Garden Rooms. Working as a team, Lynn and Bob have built rock walls, laid paver paths, constructed fencing and established extensive flower beds. The unkempt tree lot is now an elegant savannah with mature trees limbed up to create a canopy.
