K-State to host cow-calf workshops across Kansas
Extension specialists will address local needs, conditions

MANHATTAN — Kansas State University beef extension specialists and agents will be hosting several cow-calf production-focused meetings throughout the state in late January and February.

The programs are a joint effort between state specialists and local extension units and aim to address various topics pertinent to local needs and conditions experienced by producers. Topics will range from risk management tools and cowherd nutrition considerations following drought, to heifer development strategies and bull selection.

The list of meetings includes:

- **Jan. 24, Hays**: "Navigating Opportunities and Risks: Production and Forage Considerations." 10 a.m. at the Ellis County extension office, 601 Main. RSVP to Alicia Boor at 620-793-1910 or 785-628-9430 or tam3@k-state.edu. More information: https://cottonwood.k-state.edu/

- **Jan. 29, Larned**: "Cow and Heifer Considerations with Low Cattle Inventories." 6:30 p.m. at J.A. Haas Exhibit Building, 403 E. 18th. RSVP to Kyle Grant at 620-285-6901 or kkgrant@k-state.edu. More information: https://www.pawnee.k-state.edu/

- **Feb. 5, Seneca**: "Rebuilding the Cow Herd." 6:30 p.m. at Woolsoncroft Events Center, 1615 Branch St. RSVP to Ross Mosteller at 785-336-2184 or rmostell@k-state.edu or online at http://tinyurl.com/heifer-seneca. More information: https://www.meadowlark.ksu.edu

- **Feb. 15, Smith Center**: "Feeding Your Cattle Through Drought." 6 p.m. at Smith Center First Christian Church, 400 W. Highway 36. RSVP to Blaire Todd at 785-738-3597 or online at https://kstate.qualtrics.com/jfe/form/SV_40YJtsBwQTf3Ueq. More information: https://www.postrock.k-state.edu/

- **Feb. 20, Eureka**: "Cow-Calf and Risk Management." 5:30 p.m. at Eureka United Methodist Church, 521 N. Main Street. RSVP to Ben Sims at 620-583-7455 or benjam63@k-state.edu. More information: https://www.greenwood.k-state.edu/

Information about each meeting can also be found at KSUBeef.org and local unit websites.

K-State Research and Extension is a short name for the Kansas State University Agricultural Experiment Station and Cooperative Extension Service, a program designed to generate and distribute useful knowledge for the well-being of Kansans. Supported by county, state, federal and private funds, the program has county extension offices, experiment fields, area extension offices and regional research centers statewide. Its headquarters is on the K-State campus in Manhattan. For more information, visit www.ksre.ksu.edu. K-State Research and Extension is an equal opportunity provider and employer.
As the nation's first operational land-grant institution, Kansas State University has served the people of Kansas, the nation and the world since its founding in 1863 — and it continues to set the standard as a next-generation land-grant university. K-State offers an exceptional student experience across three physical campuses and online offerings, meeting students where they are and preparing them to achieve their personal and professional goals. The university is committed to its mission of teaching, research and service through industry-connected programs, impactful research-driven solutions, and a sharp focus on community engagement and economic prosperity.
